RDV FORUM 2025
Partnership Plan

The CRIAQ

The mission of the Consortium of Research and Innovation in Aerospace in Quebec (CRIAQ) is to increase the competitiveness of the aerospace industry by stimulating business innovation through collaborative R&D. Its role is to bring ecosystems together and develop a new generation of innovators to strengthen Quebec's technological leadership in cutting-edge aerospace applications: digital aviation, air mobility of the future and sustainable aerospace.

The RDV Forum

CRIAQ's RDV Forum is a major collaborative innovation event that brings together all the key players in the national and international aerospace industry.

Based on CRIAQ's unique collaborative research model, the RDV Forum aims to generate innovative ideas and new collaborations to bring about concrete and lasting changes in tomorrow's air mobility.

What's planned for 2025?

With the theme “Generations of Ideas”, the 13th edition of the RDV Forum promises to be more exciting than ever, bringing together experts, innovators and decision-makers to explore emerging trends, current challenges and future opportunities in aerospace. With a rich program of conferences, presentations of project ideas, networking sessions and presentations from leading experts, RDV Forum 2025 offers a unique platform to exchange ideas, build strategic partnerships and shape the future of the industry. It will be two days of inspiration, innovation and collaboration, where every moment counts in building a promising aerospace future.

Who will you be meeting?

Organisations Profiles

OEMs

SMEs

Startups

Universities

Research Centres

Governments

International organisations

Participants Profiles

CEOs & Senior Managers

Managing Directors

Contractors

Vice Presidents

Scientific Directors & R&D Directors

Sales Managers

Consultants

Professors

Researchers

Students & Post-Docs

Why become a Partner?

By becoming a partner of the CRIAQ RDV Forum, you place your organisation at the forefront of aerospace innovation and expand your business while shaping the future of air mobility. You will benefit from an exceptional showcase with over 450 key aerospace decision-makers.

As a Partner, you will have the opportunity to:

- Position yourself within the Quebec, Canadian, and international innovation ecosystem.
- Increase your business opportunities and meet key aerospace players at the national and international levels.
- Build new relationships and initiate fruitful collaborations for your R&D projects.
- Present your technological solutions and expertise.
- Learn about the latest developments in digital aviation, future air mobility and sustainable aerospace and the potential impacts on your business.
- Highlight your organisation's commitments and initiatives in innovative air mobility.
- Gain visibility with government agencies.
- Develop and strengthen your organisation's reputation within the aerospace ecosystem.
- Learn about trends, technology R&D, and funding programs.
- Promote your organisation's mandate and potentially increase sales and growth of your company.
